Sirs:-

We have received the usual blank for a report of the fish caught this year at Taku Harbor Alaska; and beg to report that the cannery we own at that point was operated this year by the Taku Alaska Packing Company, a corporation of Astoria Oregon, which can be reached by mail at either Astoria Oregon, or Taku Harbor via Juneau Alaska.

We are freezing fish at Taku this year, but the season will not close before November, and a complete report can not be made before that time. If you desire a report to any given date prior to the end of the season it will be furnished on request.

Yours very truly,

Pacific Cold Storage Co.

R. J. Davis
General Agent.
